Love of Indigo Color

The nine basic types of clouds symbolized nine properties of love. The radius of the sign is equal to the height at which the particular cloud type is formed, going from the bottom layers to the top: from Patience to Eternity, from Nimbostratus to Cirrus.

HAPPINESS IS NEAR

Photo-history

1/365 with a dog

«I through photographs, shows what it means to have a dog of a popular breed. The photo-project shows the limitations (external and internal) and the dependence of the animal owner on his four-legged pupil. Emotions are an important element here: when love and hatred become a homogeneous feeling. The project was created in cooperation with two photographers: *Maksymilian Nesterenko* and *Mykyta Martynenko*. The photographs were taken with the use of analog cameras, which allowed to capture the unique atmosphere of the bond between the dog and the owner.»
